**DO YA
The Screaming Jets
Sony BMG**

SIX years since their last album, The Screaming Jets are back. It opens up strongly with the title track, a song about being dumped and burning up. Supersize moves onto matters of the world and challenges rich people who adopt do-good issues to put their money where their mouth is. Never shy of speaking his mind, front-man Dave Gleeson has plenty to say, and he does it here just as energetically as ever.
